

2022 WEATHEREYE
ESTATE ROUSSANNE
Columbia Valley AVA

93% Roussanne | 7% Clairette Blanche

The 2022 growing season provided exceptional ripening from July through harvest, allowing for gentle hangtime and ideal phenolic maturity. Sourced from a north-facing block just behind the ridgeline at 1,170 ft, the site features vertical shoot-positioned, high-density vines with golden and russet berries. The fruit was whole-cluster pressed, settled for 28 hours, then aged 14–15 months in French oak (30% new), along with amphora and neutral oak, before being bottled unfiltered and unfiltered. Aromas span fresh flowers, stone fruit, citrus zest, tropical notes, honeyed richness, and subtle oak spice, while the palate is full and round with vibrant acidity and a long, mineral-driven finish. 75 cases produced. Drink 2026–2034.
